

## **AUDITOR'S REPORT On The Fiscal Stabilization Fund**

### **To the Legislative Assembly of Manitoba**

I have audited the statement of financial position of the Fiscal Stabilization Fund as at March 31, 2007 and the statement of revenue and fund balance for the year then ended. These financial statements are the responsibility of the Fund's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 2007 and the results of its operations and cash flows for the year then ended, in accordance with Canadian generally accepted accounting principles.

## FUND PROFILE

Long-term planning is an essential element of fiscal responsibility. Provincial revenue can be subject to year-to-year volatility while expenditures, such as debt servicing costs, vary significantly with financial market conditions.

When revenue growth is unusually high or exceptional revenues are received, positive results may be sharply increased. This gives rise to pressures for program spending or tax cuts on the basis of a single year improvement, which cannot necessarily be sustained in the longer term. The 1989 Manitoba Budget Address announced the creation of the Fiscal Stabilization Fund (Fund), which would be used as a fiscal shock absorber, helping the province avoid disruption to programs or major tax increases. Withdrawals from the Fund may be made when revenue is constrained or there are exceptional expenditure requirements.

The Fund was established retroactively at March 31, 1989 under the authority of *The Fiscal Stabilization Fund Act*, which received Royal Assent on December 13, 1989. The legislated purpose of the Fund is to assist in stabilizing the fiscal position of the Government from year to year and to improve long-term fiscal planning. Under the provisions of the Act, the Government may deposit in the Fund any part of the revenue or other financial assets received in the Consolidated Fund in any fiscal year and shall credit to the Fund any earnings from investment of the Fund. All or part of the Fund balance could be transferred to the Consolidated Fund in accordance with the provisions of the Act. *The Balanced Budget, Debt Repayment and Taxpayer Accountability Act*, amended in 2000, made related amendments to *The Fiscal Stabilization Fund Act*. The major changes ensure that transfers to and from the Fiscal Stabilization Fund are not recorded as revenue, but as transfers, and proceeds from the sale of a Crown corporation are not used in determining whether there is a positive or negative balance for a fiscal year.

## 2006-2007 ACTIVITIES

At the beginning of the year the Fund had assets of \$532.0 million, which were invested and accorded market rates of interest. In 2006-2007, the Fund earned \$20.6 million in interest.

The 2006 Manitoba Budget had projected an \$85.0 million draw from the Fund to the Operating Fund to meet fiscal targets.

*The Balanced Budget, Debt Repayment and Taxpayer Accountability Act* and *The Fiscal Stabilization Fund Act* require that any Operating Fund positive balance in the fiscal year be transferred to the Fund until its target level is reached. The Minister of Finance has the authority to transfer additional positive balances to the Fund as he considers appropriate. The 2006-2007 positive balance of \$110.5 million was transferred to the Fund.

**1. Incorporation and Function**

The Fiscal Stabilization Fund was established at March 31, 1989, under the authority of *The Fiscal Stabilization Fund Act*, which received Royal Assent on December 13, 1989. All or part of the fund balance can be transferred to the Operating Fund in accordance with the provisions of the Act.

On August 18, 2000, the *Balanced Budget, Debt Repayment and Taxpayer Protection Amendment and Consequential Amendments Act* was passed amending *The Balanced Budget, Debt Repayment and Taxpayer Protection Act*, with related amendments to *The Fiscal Stabilization Fund Act* and *The Financial Administration Act*.

**4. Transfer from the Operating Fund**

The *Balanced Budget, Debt Repayment and Taxpayer Accountability Act* and *The Fiscal Stabilization Fund Act* require any Operating Fund positive balance to be transferred to the Fund until its target level is reached. The Minister of Finance has the authority, with the approval of the Lieutenant Governor in Council, to transfer additional positive balances to the Fund as he considers appropriate. The target level for the Fiscal Stabilization Fund is a minimum of 5% of the expenses of the Operating Fund or approximately \$436 million, based on 2006-2007 expenses. As reported in the Public Accounts of the Province of Manitoba for 2006-2007, the Operating Fund had a positive balance of \$110 million (2006 - \$31 million), which was transferred to the Fiscal Stabilization Fund.

Interest earned by the Fiscal Stabilization Fund is allocated proportionately to these two programs. As funds are expended related to the Health Program, the Government will designate a transfer back to the General Program.
